Professional Summary

Computer Engineer (URJC) specializing in Software Development, Applied AI (LLM/RAG), and Edge Computing. Experience at Telefónica deploying critical technical solutions and leading Cloud projects in Agile environments. Passionate about clean architecture, systems optimization, and high-impact software.

Experience

Project Manager — Cyber & Cloud Housing

Feb 2026 – Jul 2026

Telefónica Tech · Talentum Program · Intern

- End-to-End Cloud Housing Project Management: Managed hardware locations, created and assigned TAS, and tracked deadlines across Telefónica Tech's internal systems.
- Cloud Operational Leadership: coordination of a technical team of ~6 people aquajo methodologies Agile (Scrum/Kanban)
- Cloud Infrastructure Lifecycle: Actively participated in the lifecycle of cloud infrastructure projects within the Cyber & Cloud division at Telefónica Tech.

IT Operations Engineer

Oct 2025 - Ene 2026

Telefónica España · Network & IT Architecture and Operations Division · Intern

- AI & RAG Development: Designed and deployed a functional corporate chatbot Proof of Concept (PoC) in under 30 days, integrating local LLMs (Ollama + Python + TypeScript + ChromaDB) to accelerate data migration within the Network & IT area.
 - Agile Workflows & Support: Collaborated on incident management and technical workflows under Agile methodologies in a high-demand corporate environment.
 - Recognition: Awarded an official Letter of Recommendation from the Network & IT Architecture and Operations Directorate.
-

Featured Projects

RV-MAP — Edge Computing System for Disaster Zone Search & Rescue (TFG · Grade: 10/10)

Universidad Rey Juan Carlos · 2026 · [View in GitHub](#)

- Edge Computing Infrastructure: Engineered a software framework for Edge Computing that automates topographic mapping in disaster zones, bridging the gap between aerial drone (UAV) imagery capture and real-time decision-making for rescue teams.
- Academic Excellence: Awarded the highest possible grade by the evaluation board.

Accessibility App — Human-Computer Interaction (HCI)

University Project · 2024–2025

- Accessible Design & HCI: Designed and developed an application tailored for people with disabilities, applying core Human-Computer Interaction (HCI) and digital accessibility principles.
-

Technical Skills

Languages: Python · Java · TypeScript · C · SQL · JavaScript · Bash · Scala

AI & Cloud: Microsoft Azure · Machine Learning (Fundamentals) · Ollama · LLM Integration · RAG

Tools & DevOps: Git/GitHub · Docker · GitHub Actions · CI/CD · Linux · VS Code · PyCharm · IntelliJ IDEA · Kubernetes · Jenkins · Jira

Frameworks & Databases: Spring Boot · MySQL · HTML/CSS · REST APIs · ChromaDB · Pandas · OpenCV

Methodologies & Concepts: Scrum · Kanban · Agile Project Management · UML · Use Cases · Edge Computing

Additional Projects: Minesweeper in Java · Mini Linux Shell (C) · Web Application with Relational Database (Spring Boot + MySQL) · Data Management Systems using Advanced Data Structures

Academy

Bachelor's Degree in Computer Engineering - URJC

Universidad Rey Juan Carlos (URJC) · Madrid, Spain · 2022 – 2026

Bachelor's Thesis (Grade: 10/10) · Edge Computing System for Disaster Zone Search & Rescue (RV-MAP)

Certifications

- Microsoft Azure AI Fundamentals – [View credential](#)
- Artificial Intelligence Fundamentals – [View credential](#)
- Bash/Shell, terminal y command line from zero – [View credential](#)

Honors & Awards

- National Finalist, Audi Creativity Challenge (2022): Developed an innovative social impact project (Definitive Hack · CAFRE) - [View recognition](#)
 - National Finalist, Audi Creativity Challenge (2026): Technical Lead / Team Driver in the development of the social impact project · Hydron (HYDRON) - [View project](#)
 - Letter of Recommendation: Received during internship at Telefónica España - [View letter](#)
-

Professional Activity & Associations

Secretary & Member

2019 – Present

FablabM · Innovation & Entrepreneurship Association

- Secretary Role (2023 – Present): Managed meeting minutes, official communications, and event coordination (Innovation Call, Kick-Offs, general assemblies).
 - Youth Innovation: Actively participated in youth innovation projects as a Crafter since 2019.
-

Languages

Spanish - Native

English - B2 (Intermediate -Upper)
